Program milestones and achievements 2021-2023

Videos of activities with children

April 2022

Event for refugees and immigrants

March 2023

Beginning of a new cycle of webinars for preschool age

**Γίνε
Ήρωας του
Διαδικτύου.**

Covering all of Greece

01

Organized
Webinars

**Organized seminars for
remote areas**

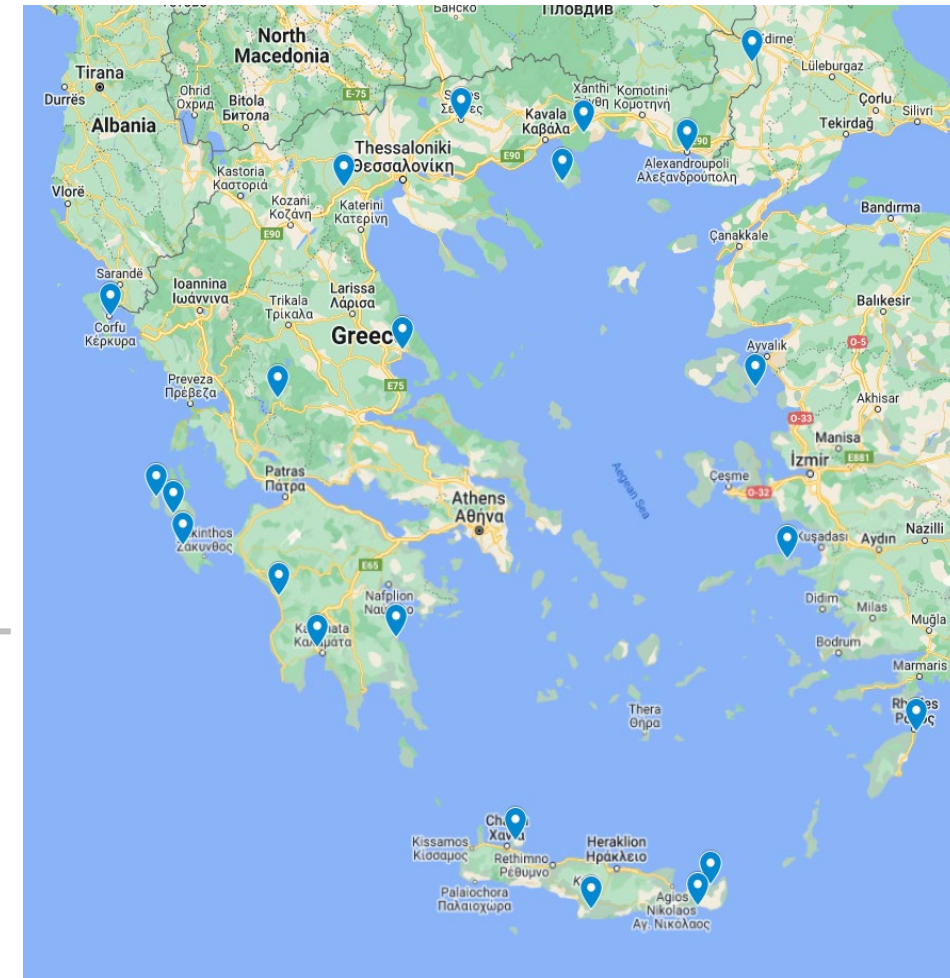

FORTH has organized webinar for teachers of remote islands (e.g. seminar 13/4/2022 PECES North Aegean)

02

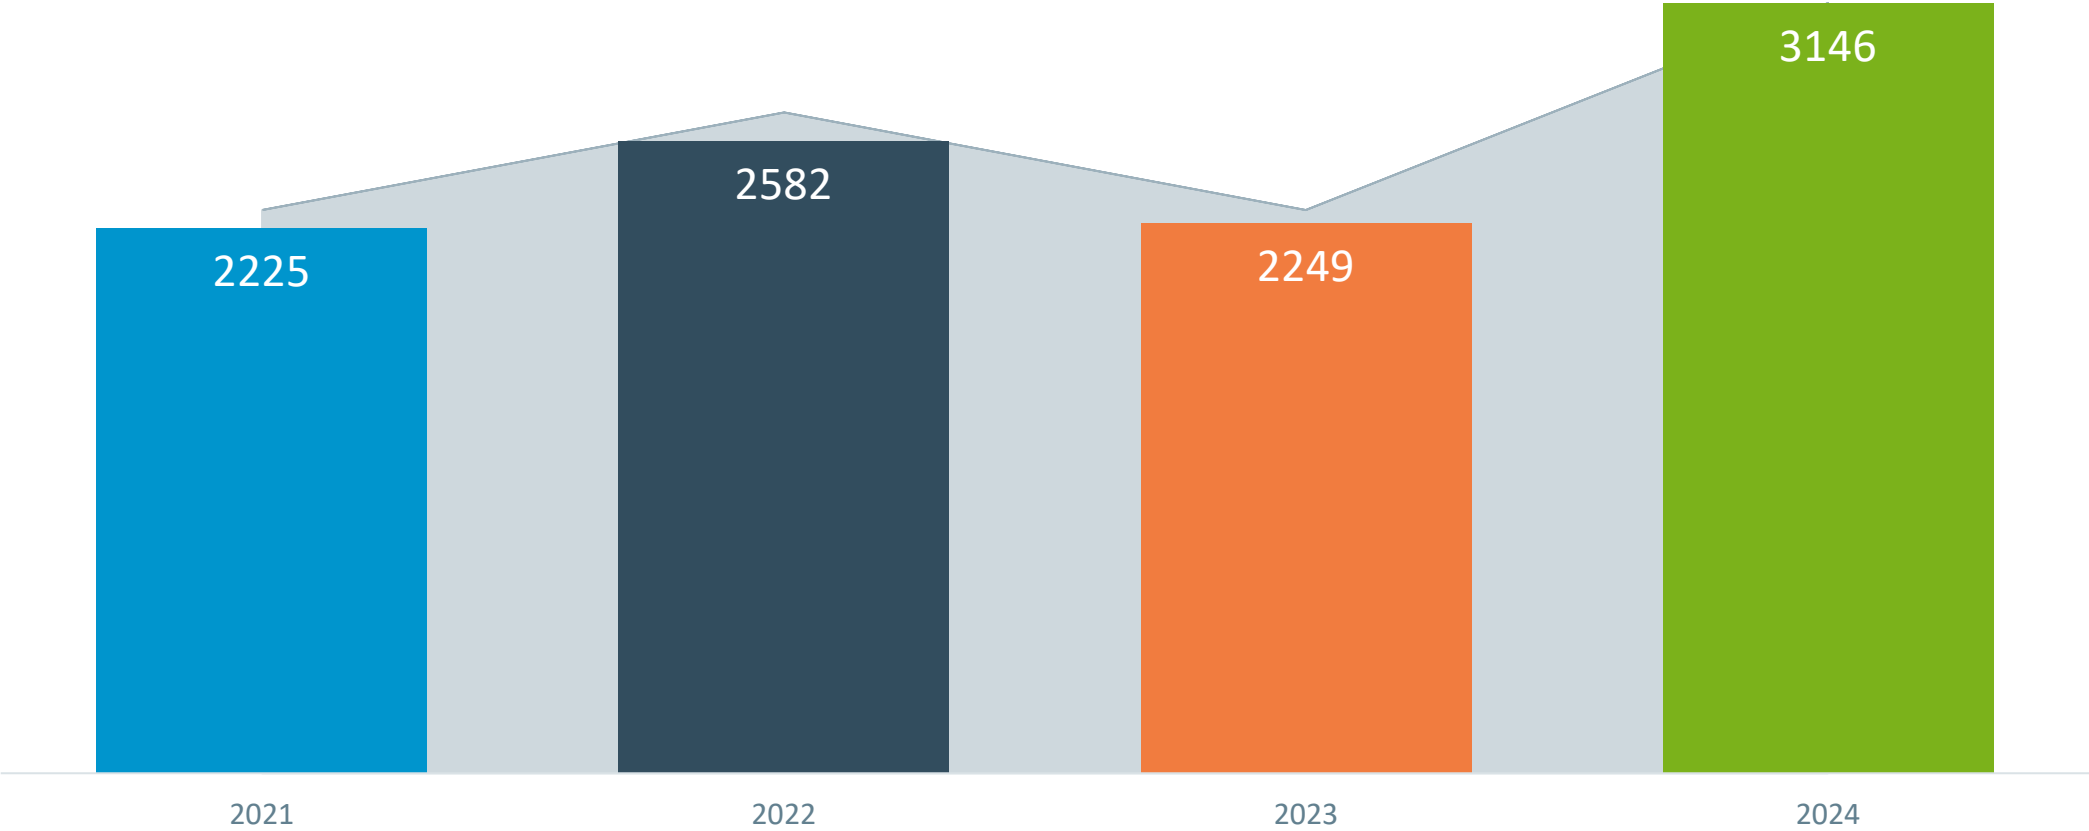

Ability to cover
the entire
country

**Online webinars
accessible to all**

Due to the nature of the seminars (which are held online) educators can participate even from the most remote areas of the country. See the map for reference.

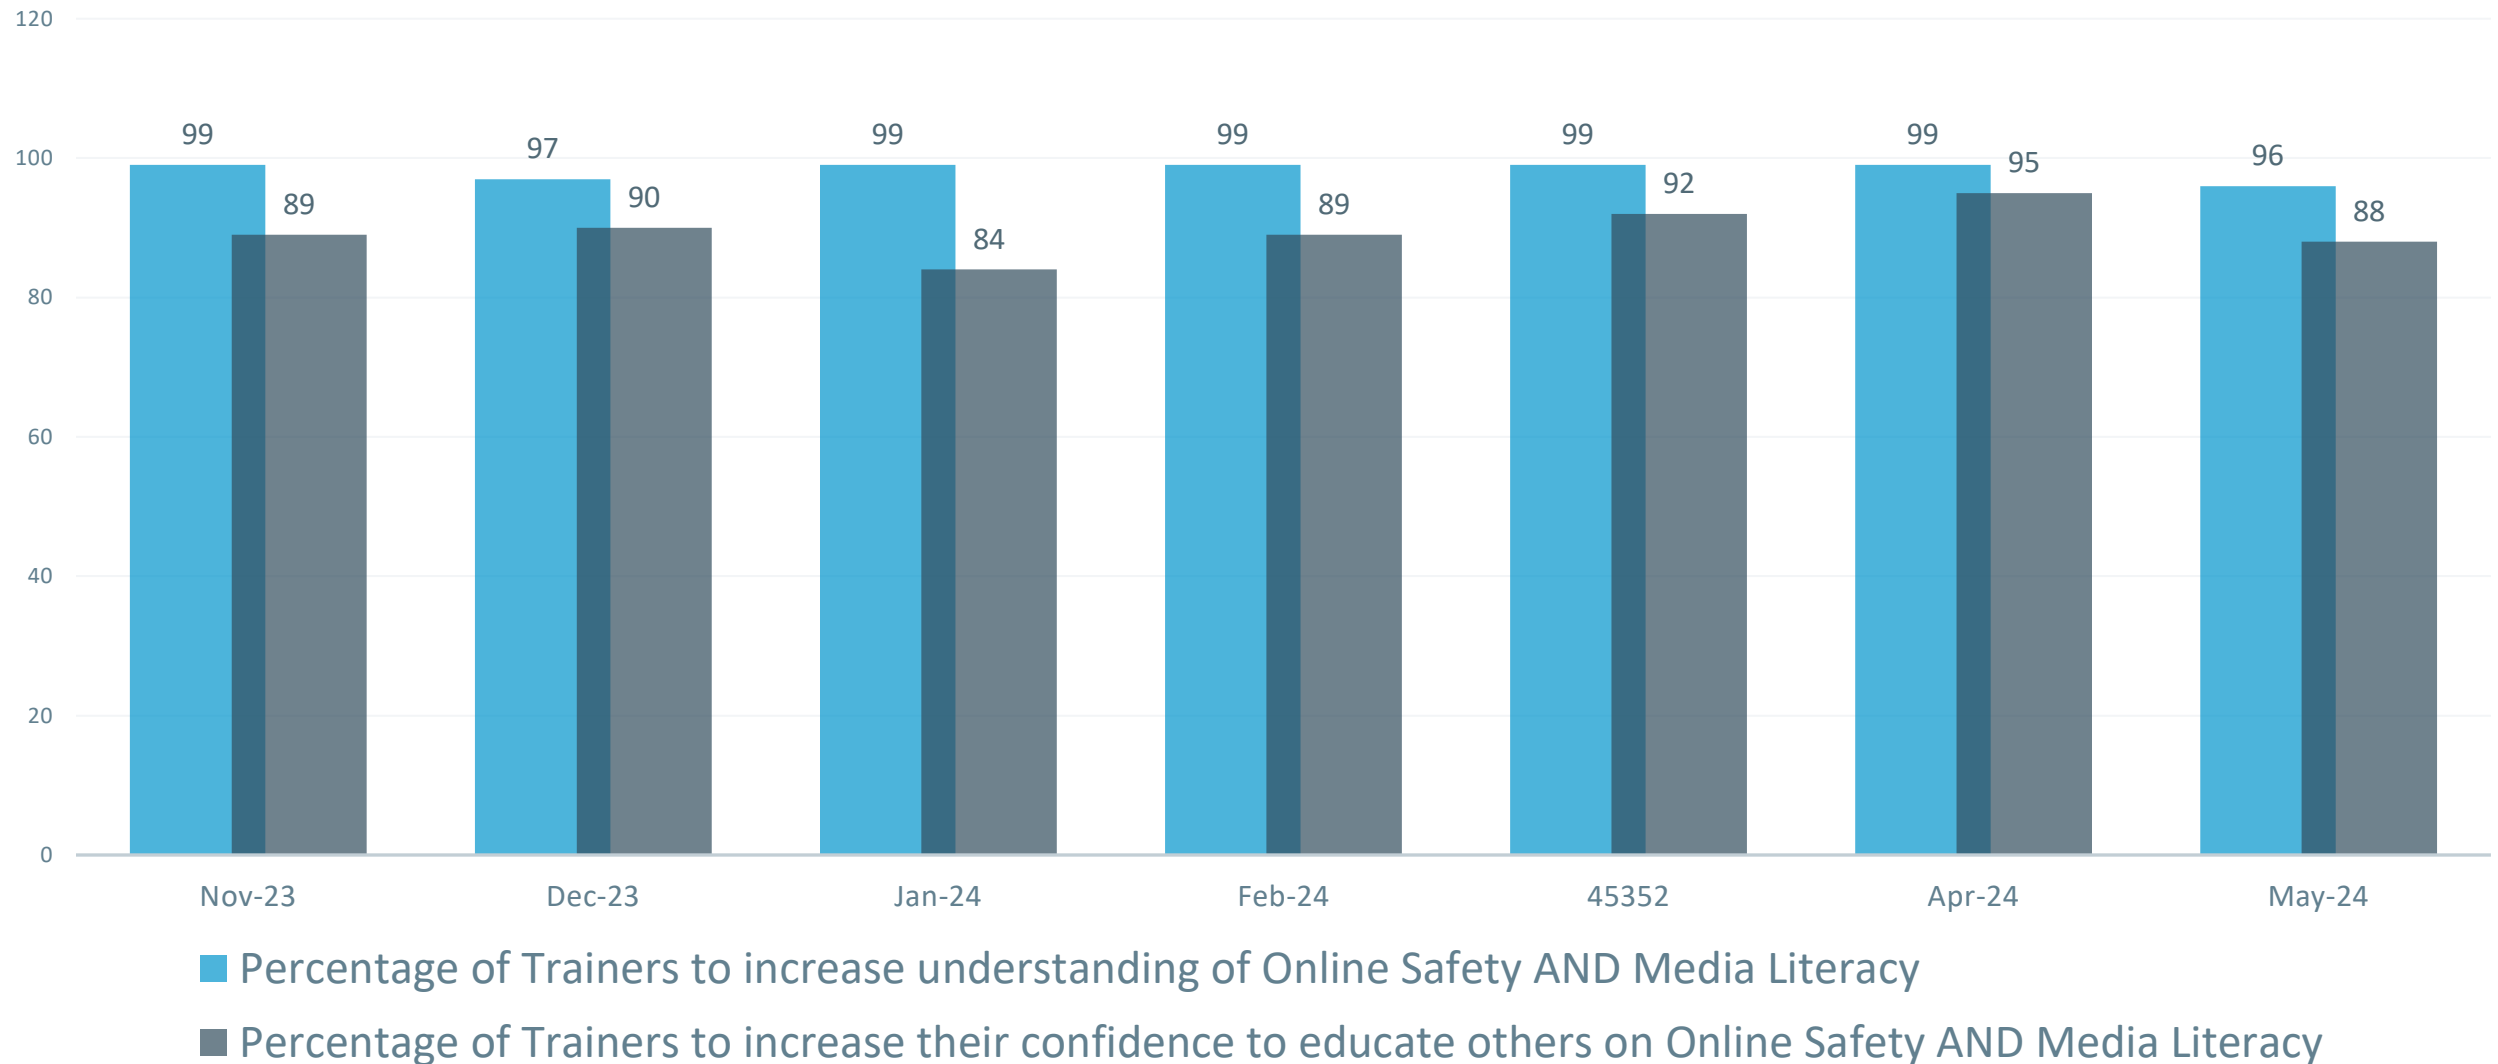

Program Results: Teachers trained 2021-2024

Program Results: Children trained 2023-2024

Teachers' satisfaction 2023-2024

Indicative comments

E.M., Primary School Teacher, 40 years old

01

«Thank you very much for such a well-structured and useful material about internet safety, but also for the explanations given by the moderators on this.»

E.A., Primary School Teacher, 42 years old

02

«First let me say that the presentation was excellent. The subject matter of the presentation is very sensitive and the presentation gives practical ideas to teachers for program implementation»

O.A., Gymnasium Teacher, 50 years old

03

«Your presentation was very informative. The material you have given us is very important and will certainly be used at some point in the next period of time. Thank you very much. Good luck with your work.»
